EENOVA

ENERGY EFFICIENCY IN REGIONAL FOOD PROCESSING VALUE CHAINS

www.eenova-project.eu

Decarbonising the food sector through Energy Efficiency

Our mission focuses on promoting **energy-efficient solutions**, increasing the use of renewable energy, & reducing carbon footprints.

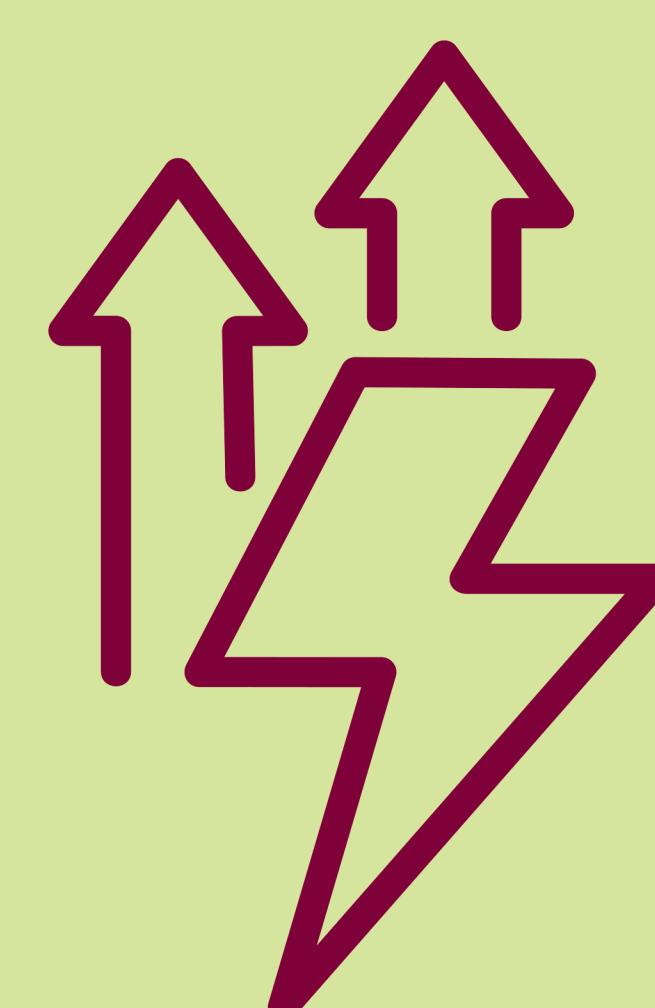

Cross- Sectoral Dialogue & Collaboration

Collaborating closely with project partners, EENOVA identifies technological enhancements, **sustainable business models**, & policy measures.

Empowering Regional Value Chains

Operating in **5 specific value chains**, EENOVA strives to guide businesses, towards customized energy improvements, harnessing regional characteristics.

Impact and Scalability

Anticipating significant energy-related impact, EENOVA will develop an **adaptable replication model** based, to be extended to other regions & sectors.
